[ABOUT US](#)
[CONTACT US](#)

Introduction

Established in 1974, we have more than forty-nine years experience of hosting events for some of the world's biggest movers and shakers. Our premises were originally designed to accommodate 62 heads of state and their delegations for the 11th Non-Aligned Movement Summit in 1993 and Asian-African Conference. Since then, we have kept abreast of events and communications technology developments, delivering seamless start-to-finish service.

The Jockey's Convention Center spans around 88,000 sqm and comprises a round theater-style hall (Plenary Hall), two exhibition halls (Exhibition Hall A & B), an Assembly Hall, a banqueting hall (Cendrawasih Room), a spacious main lobby and atmospheric lower lobby, VIP rooms and lounges, and ten further meeting rooms which can be configured to match specific event requirements. The Jockey's Convention Center also has a business center to support your meetings. Our bonded warehouse facilitates the fast customs clearance of temporarily imported goods. An independent 6,000 space car park is located immediately in front of the convention center, and a selection of mid- to high-range hotels are within walking or short driving distance.

Exhibition Halls

We have two exhibition halls, each with their own 1,000 sqm lobbies and access points. Both halls have a ceiling height of nine meters, and are equipped with telephone and communication outlets, audio visual points, single and 3-phase power sources, and floor box access to electricity, phone lines, and water, drainage and compressed air on request. Trucks have direct access to both halls for easy loading.

Exhibition Hall A covers 3,050 sqm, has a floor load of 1,200 kg/sqm, and a distribution frame capable of handling 450 pairs of telephone lines. Exhibition Hall B spans 6,075 sqm, with a floor load of 1,500 kg/sqm, and a distribution frame able to handle up to 500 pairs of telephone lines. The two halls can be connected through a 450-sqm corridor giving a combined exhibition space of 9,125 sqm.

IN HOUSE CATERING SERVICES

The Balai Siding Jakarta Convention Center has a spacious 1,800 sqm modern kitchen and the capacity to cater for 10,000 guests. Our Executive Chef and his team can prepare regional cuisines from across the Indonesian archipelago and dishes from around the world. For us, quality is a fundamental and ever thriving endeavor in Jakarta Convention Center. Our product is about the foods and drinks of course, but also about our team, our facilities and the many decisions we make each day that create your experience with us and affect the world around us. We believe it is a balance between what our customer want to achieve and our experience on how to create it.

BONDED WAREHOUSE

Our bonded warehouse facilitates the fast customs clearance of temporarily imported goods. Visitors to Indonesia may bring no more than one liter of alcohol, and 200 cigarettes or 50 cigars or 100g of tobacco into the country. Cameras, video cameras, portable radios, binoculars and sports equipment are permitted into Indonesia provided they are declared on arrival. Motion picture films, video tapes, and video laser disks must be screened by the censor board. There is no restriction on the import or export of foreign currencies. However, the import and export of Indonesian rupiah exceeding Rp 5,000,000.00 is prohibited. The following items are prohibited: firearms, ammunition, narcotics, pornography, transceivers and cordless telephones.

MEETING ROOMS

The Balai Siding Jakarta Convention Center has 13 event rooms, four of which have flexible dimensions and capacities. Accessed through the Main Lobby is the 5,000-seat Plenary Hall, a round theater-style venue with ground and mezzanine level entry points; the 3,071 sqm Assembly Hall, which comfortably seats 2,500 guests for sit-down dinners or 4,500 guests for buffets; and the 2,309 sqm Cendrawasih Room, which is fitted with movable floor-to-ceiling partitions to customize the room space for smaller events.

Accessed through the Lower Lobby are nine meeting rooms, two of which can be further divided for cozier events. The Lower Lobby itself is an elegant exhibition space, and the adjacent meeting rooms can accommodate between 20 and 1,000 visitors.

Award Winning Venue

Jockey's Convention Center is an awarding winning venue that has received numerous national & international awards, and won accolades from various events.
